Polaroid Ray
Digital X-Ray Sensor
Available in sizes 1.0, 1.5 and 2.0

5 - Year warranty, Free integration, Free Lifetime Support, No fees
Lowest Operational Cost over 5 years-No Fees = ROI

Integration with most Modern Imaging Softwares

Solid Construction for Durability Backed up by a 5-Year Warranty

Superb Image Quality

Increased Patient Experience

Built-in Durability

Patient Safety

Choice of Sizes

Accessories

---

**Superb Image Quality**
- High Tissue Contrast resolution
- High Spacial resolution from quality CMOS sensor
- High Resolution of >26lpmm theoretical for sharp, defined lines
- Built-In Electronic Noise and Artifact Reduction

**Integration with most Modern Imaging Softwares**
- Reinforced USB connector for easy direct plug in
- If needed, Polaroid DDS Imaging bridges to all Practice Management programs. Polaroid DDS Imaging works with ALL other Sensors, Scanners, and Pan/Cephs to improve workflow and reduce operational cost and staff learning.

**Solid Construction for Durability Backed up by a 5-Year Warranty**
- Built to last with Internal & External impact cushions
- CsI (Caesium Iodide) scintillator for the best images
- Reinforced Strain relief to prevent cable damage
- Reinforced Kevlar cable and USB connector
- CMOS sensor for extended durability
- IP-68 Waterproof rated

**Patient Safety**
- Low energy needed for sensor activation helps to work within the A.L.A.R.A. principles
- Large Range of Clinically Acceptable Exposure levels = Less Retakes

**Choice of Sizes**
- All Three sizes: #1/#1.5/#2 are available
- Our 1.5 size (Universal) helps take FM's in half the time, increases production, reduces cost, and improves patient comfort

**Accessories**
- Custom molded Perfect Fit Bite Blocks
- Polaroid Perfect Fit Alignment Ring and Rod kits
- Perfect Fit Disposable sleeves (500Pk)
